MY SPECIAL FRIEND

Pam Geschwind

He's always there,
He'll always care
And always understand;
He sees me try,
He hears me cry
And gently takes my hand.

His loving touch
Can mean so much
When troubles cloud my way;
He calms my fears,
He dries my tears
And brightens up my day.

With such a thing
To make me sing
I can endure all strife;
His love is real,
And now I feel
New joy has filled my life.

We're all His own-
Not me alone-
My Jesus loves you too;
I hope you'll see
He wants to be
A special Friend to you.

The earth made new
Will bring us to
A life without an end;
We'll meet again
Together, then
We'll share our special Friend

FRIENDS...

Proudly Present

The People You Know

and Love

We would like to extend a special thanks to our emergency photographers who gave us a helping hand in this annual: Dietmar Grellman, Mitch Campbell, Mike Riston, Keith Whitten, and Greg Dorland.

TIMES WE SHARED . . .

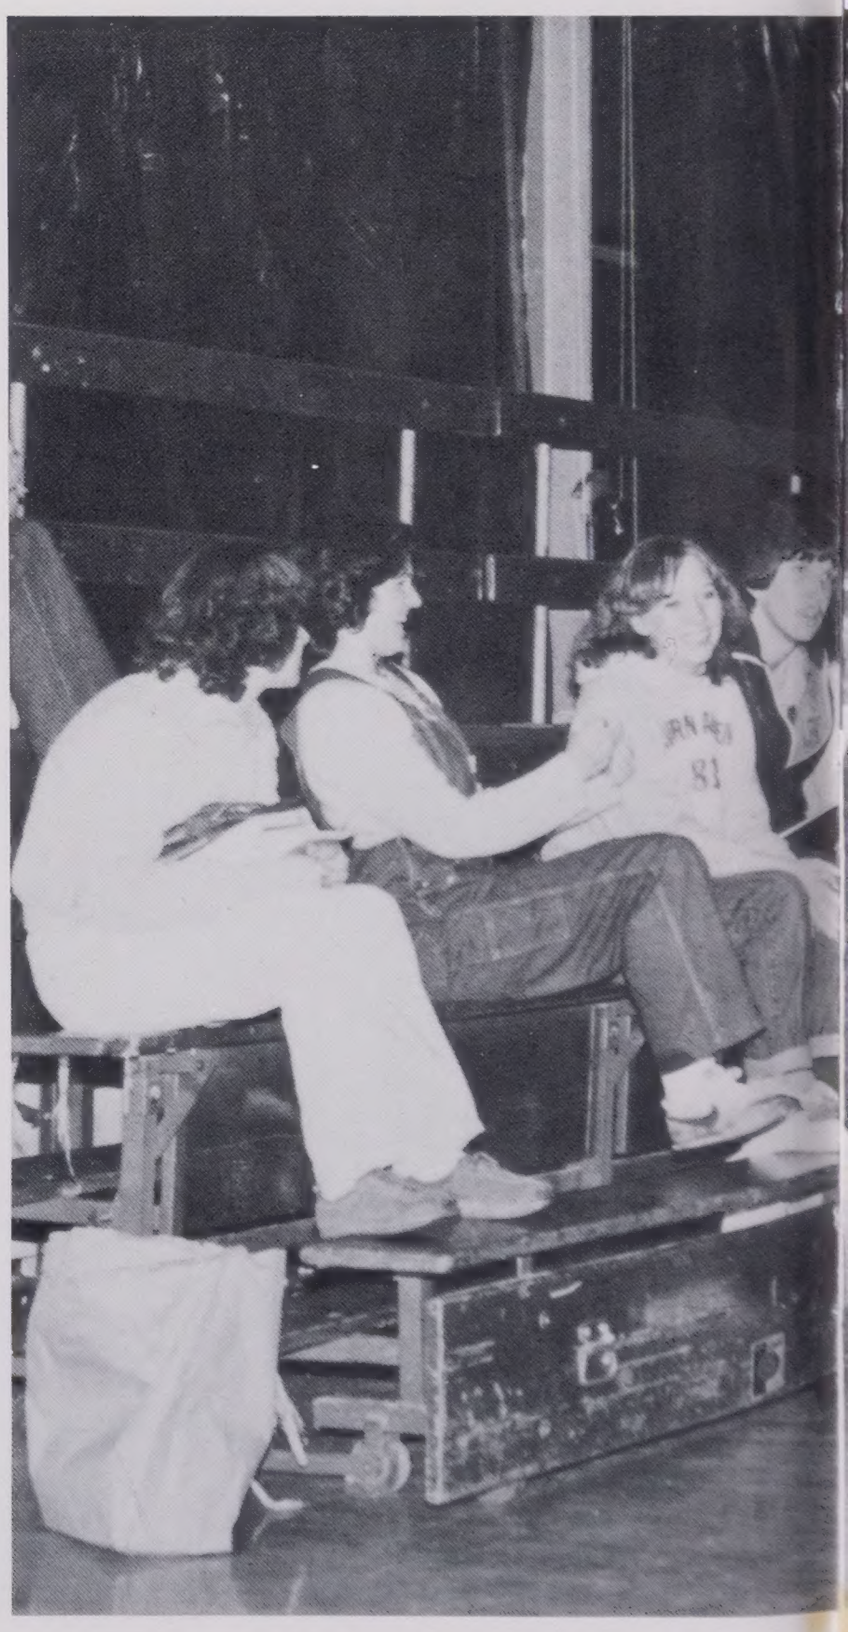

Friendships multiply joys
~and divide griefs.

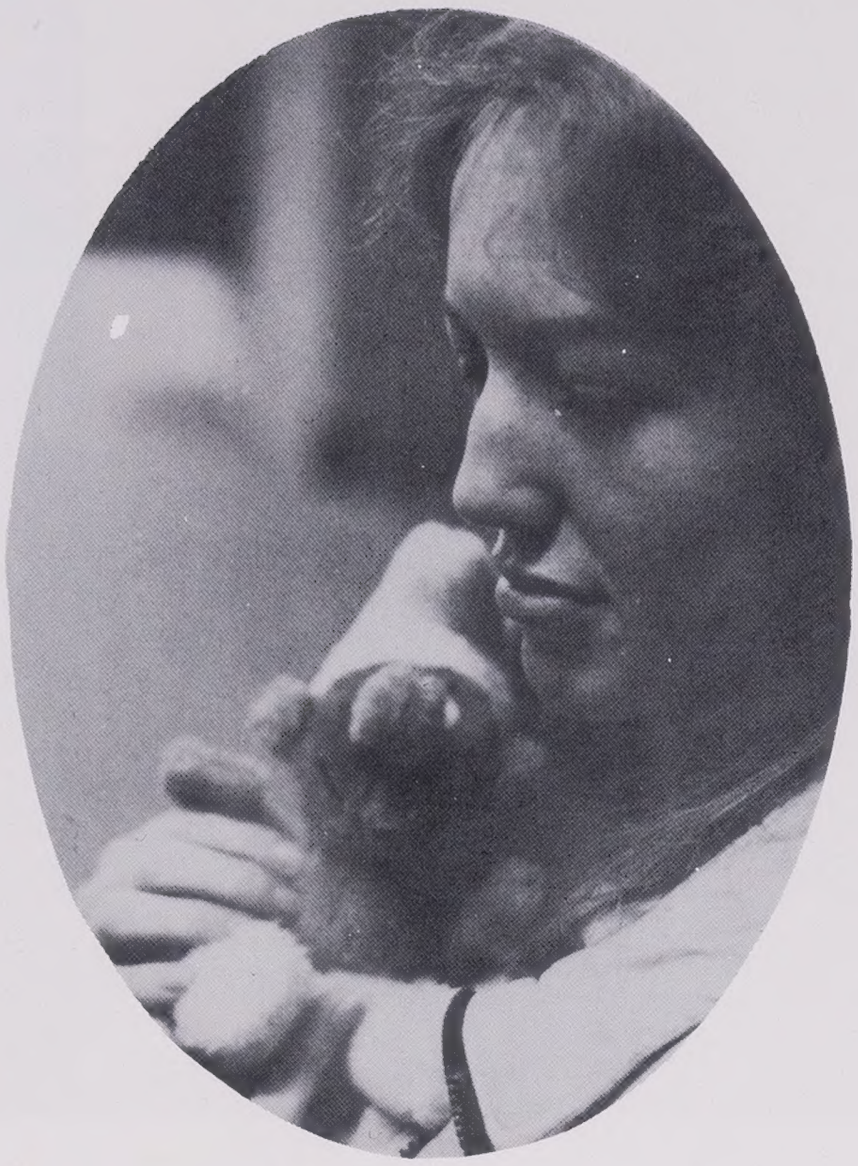

Friendship
that flows
from the
heart can
not be
frozen by
adversity
as the water
that flows from
the spring can
not congeal in the
winter.

James Fenimore Cooper

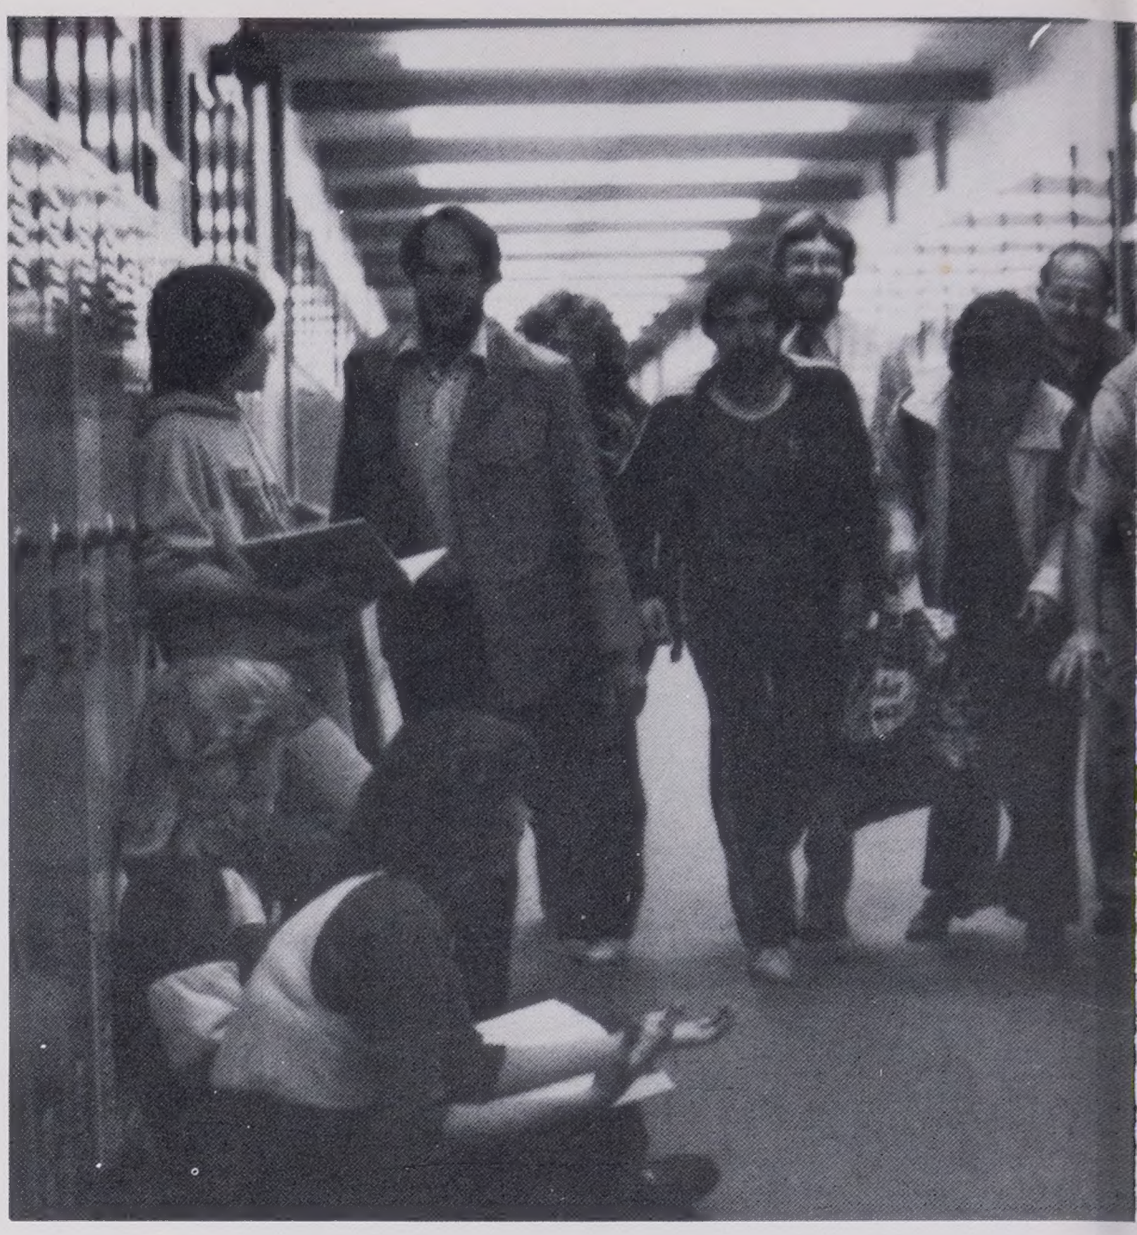

Those who
bring sunshine
to the lives
of others
cannot keep
it from
themselves.

Sir James Barrie

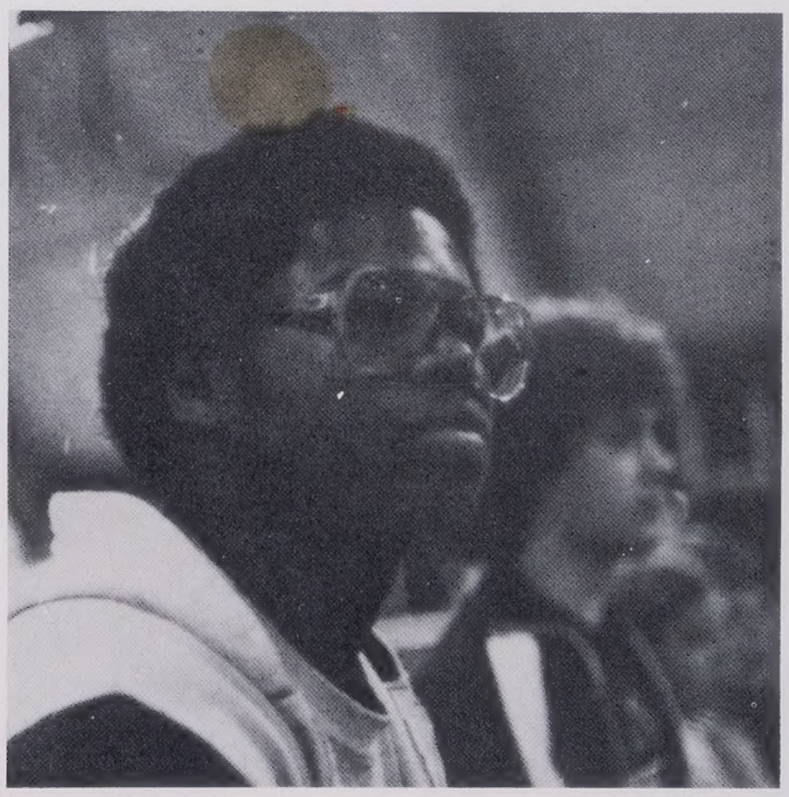

A friend
is the
present
you
give to
yourself

Robert
Lewis
Stevenson

Life is....
for living
and hoping
and caring
and sharing
with people
we love.

True happiness consists not
in the multitude of friends,
but in their worth and choice.

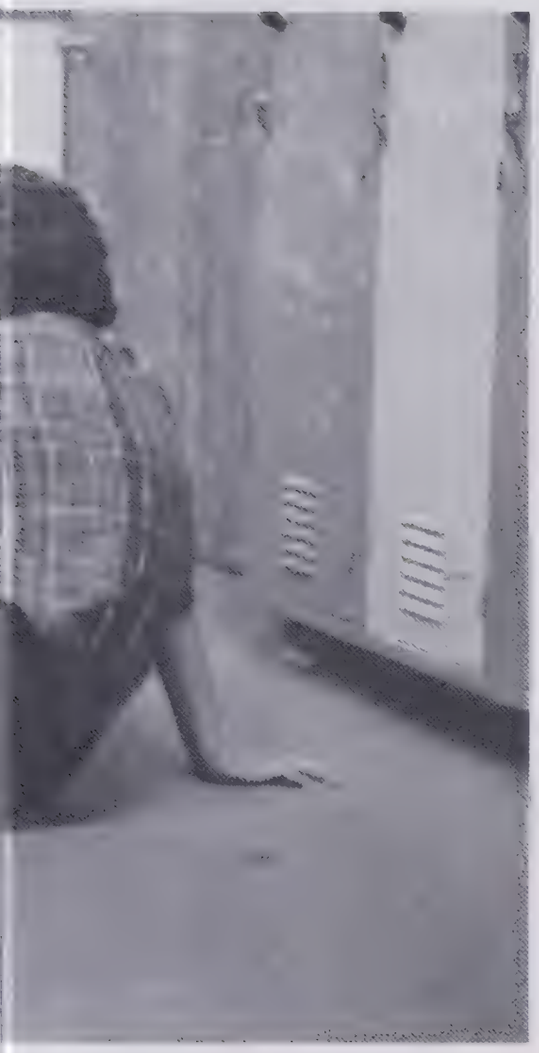

Ben Johnson

Friendship cheers like
a sunbeam; charms like
a good story; inspires
like a brave leader;
binds like a golden chain;
guides like a heavenly
vision.

Newell D. Hillis

Make new friends, but keep the old; those are silver, these are gold.

The most I can do
for my friend
is,
simply to be his
friend.

We cannot tell the precise moment when friendship is formed. As in filling a vessel drop by drop, there is at last a drop which makes it run over; so in a series of kindnesses, there is at last one which makes the heart run over.

JAMES BOSWELL

The language of friendship is not words, but meaning

Henry David Thoreau

LOVE ME -
LOVE MY DOG.

The greatest happiness of life
is the conviction that we are loved,
loved for ourselves, or rather
in spite of ourselves.

Victor Hugo

If
you
have
one
true
friend,
you
have
more
than
your
share.

Thomas
Fuller

Friendship is the gentle touch,
the little things that mean so
much, the caring heart, the
sharing ways, the smile that
brightens all our days.

Senior class officers right to left: Darrell Erwin, President; Davalene Anderson, Vice-President; Pierre Jackson, Spirtual Vice. Ginger Everett, Secretary; Scott Graham, Treasurer; Rick Thornton, Sergeant-at-arms.

NELSON HALL

Girls! Girls! Girls! Combing hair, playing jokes, eating, dieting, worrying about boys, and talking, giggling, whispering. Auburn's Nelson Hall is our home for most of the year. We grow spiritually and mentally with the guidance of our deans, Mrs. Koehn and Miss Kegley.

WITZEL HALL

About 100 guys spend nine months of the year here, with never a dull moment. There is always something to do, or someone to goof off with. You could even stay in your room and study if the urge hits you just right. One thing is for sure, life in Witzel Hall creates memories you'll never forget.

HISTORY TOUR

4:00 a.m., October 8, 38 students left for an eight day tour of the Northwest. Despite the early hour, all were excited and looking forward to all the places they would visit. Nights were spent in Junior Academies along the route, with an hour or two each evening for recreation.

Breakfasts consisted of boxed cereal, milk, juice, and something prepared beforehand by the cafeteria. Lunches were quickly made sandwiches slapped together each morning. YUM!YUM! How could they have existed without evening meals at McDonalds?

It seemed there was never enough time in a day to get things done. Always a set time to be at a certain place, a tour to be taken, a slide show to see, a lecture to hear, and journals that had to be kept up to date.

Though there was a lack of time, hot water, and beds they all enjoyed themselves, and are glad they got to go.

LEADERSHIP CONFERENCE

Leadership Conference, September 21-23, and Bible Camp, September 25-28, were held at Camp MiVoden, Idaho. Those who went to the camps said they enjoyed them very much. Between the meetings there was plenty of time for recreation, which consisted of swimming, canoeing, water-skiing, sailing, etc. Many also took along their favorite hobbies to work on . . . like Youth Guidance, Algebra II, and U.S. History . . . What fun! Four girls, whose names will not be mentioned, decided to take a canoe, and go exploring. What they didn't know was that you're suppose to stop paddling when you reach shore! And they're our school leaders! It was good fun, and a learning experience, and will bring back memories for years to come.

BIBLE CAMP

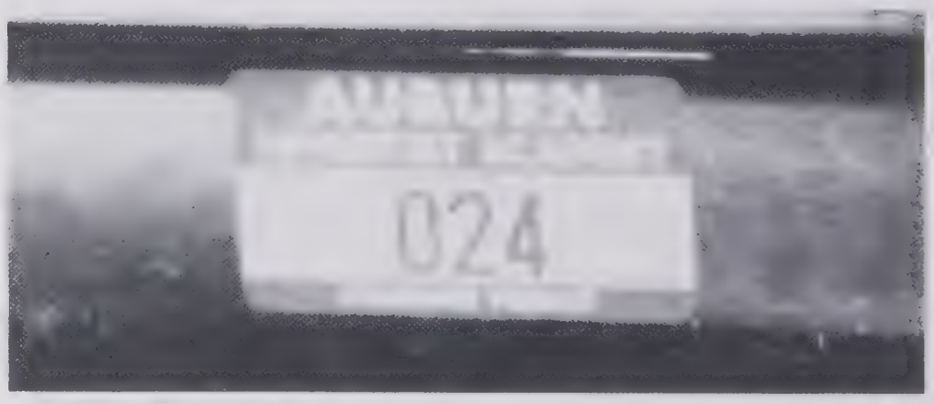

VILLAGE PEOPLE

Village students are the majority of the school population. Although it's harder for them to keep up on the on-campus social life, they have home-cooked meals, have their own stereo set-up and are able to escape campus on a regular basis. We can't forget to mention loving moms at home to keep them in line.

OUR NEW CHURCH

One of the biggest undertakings this year was the completion of the new Church. After many setbacks it was finally completed in early April. It's wonderful to have such a beautiful place to worship. It adds alot of positive spiritual feelings to have a special place to honor God. We are extremely grateful to all those who supported us, and gave us their time with this project.

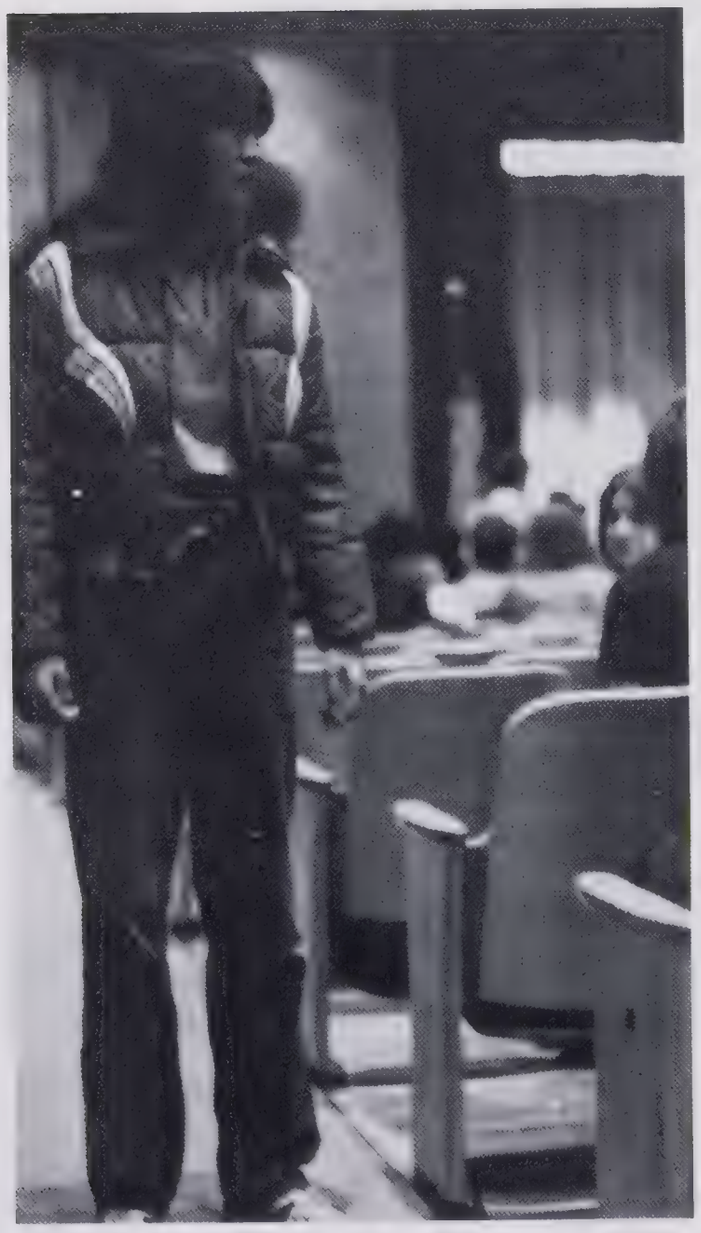

USHERS CLUB

The ushers club is a group of students who do all the dismissing at chapels, vespers, and other special programs. Their job is to make sure that the people leave in an orderly manner, and don't louse things up by pushing and climbing over each other to get out.

Although relatively unknown, these students, who possess a courage known to few, play a large part in the campus assemblies. Not many would dare to take on such an endangering occupation.

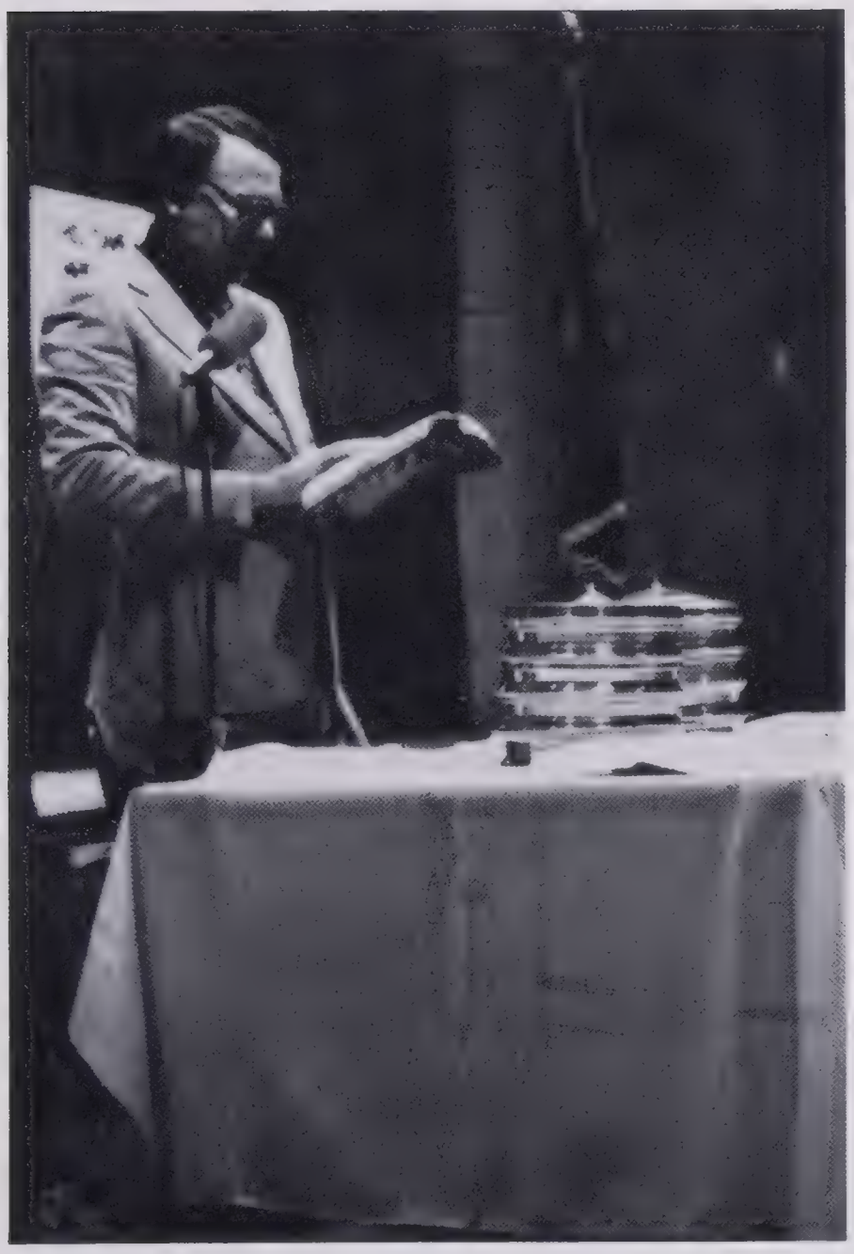

RELIGIOUS ACTIVITIES

The religious activities on campus do serve a unique purpose. They are designed to help the students bring themselves closer to God. As Christians, this is our main objective in life.

To assist us in our Christian development, we have Bible Camps, Weeks of Prayer, Vespers, Afterglows, and, of course, Church and Sabbath School. If a spiritual strenghening is desired, The Academy provides ample opportunity.

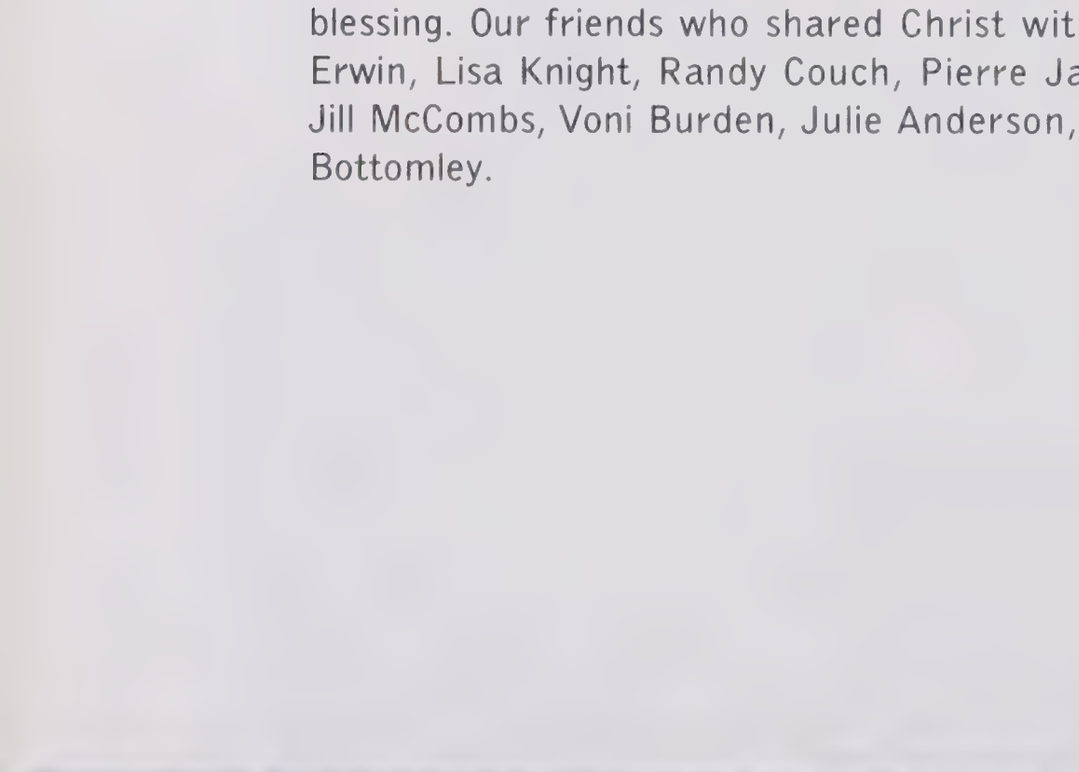

STUDENTS WEEK OF PRAYER

We chose ten of our fellow students to share with us their thoughts on the Paths of Life. Most of the student speakers drew on personal experiences to illustrate their points. Everyone enjoyed hearing his friends speak, and the speakers in turn gained a rich blessing. Our friends who shared Christ with us were: Darrell Erwin, Lisa Knight, Randy Couch, Pierre Jackson, Lisa Anderson, Jill McCombs, Voni Burden, Julie Anderson, Forrest Crowell, Kathy Bottomley.

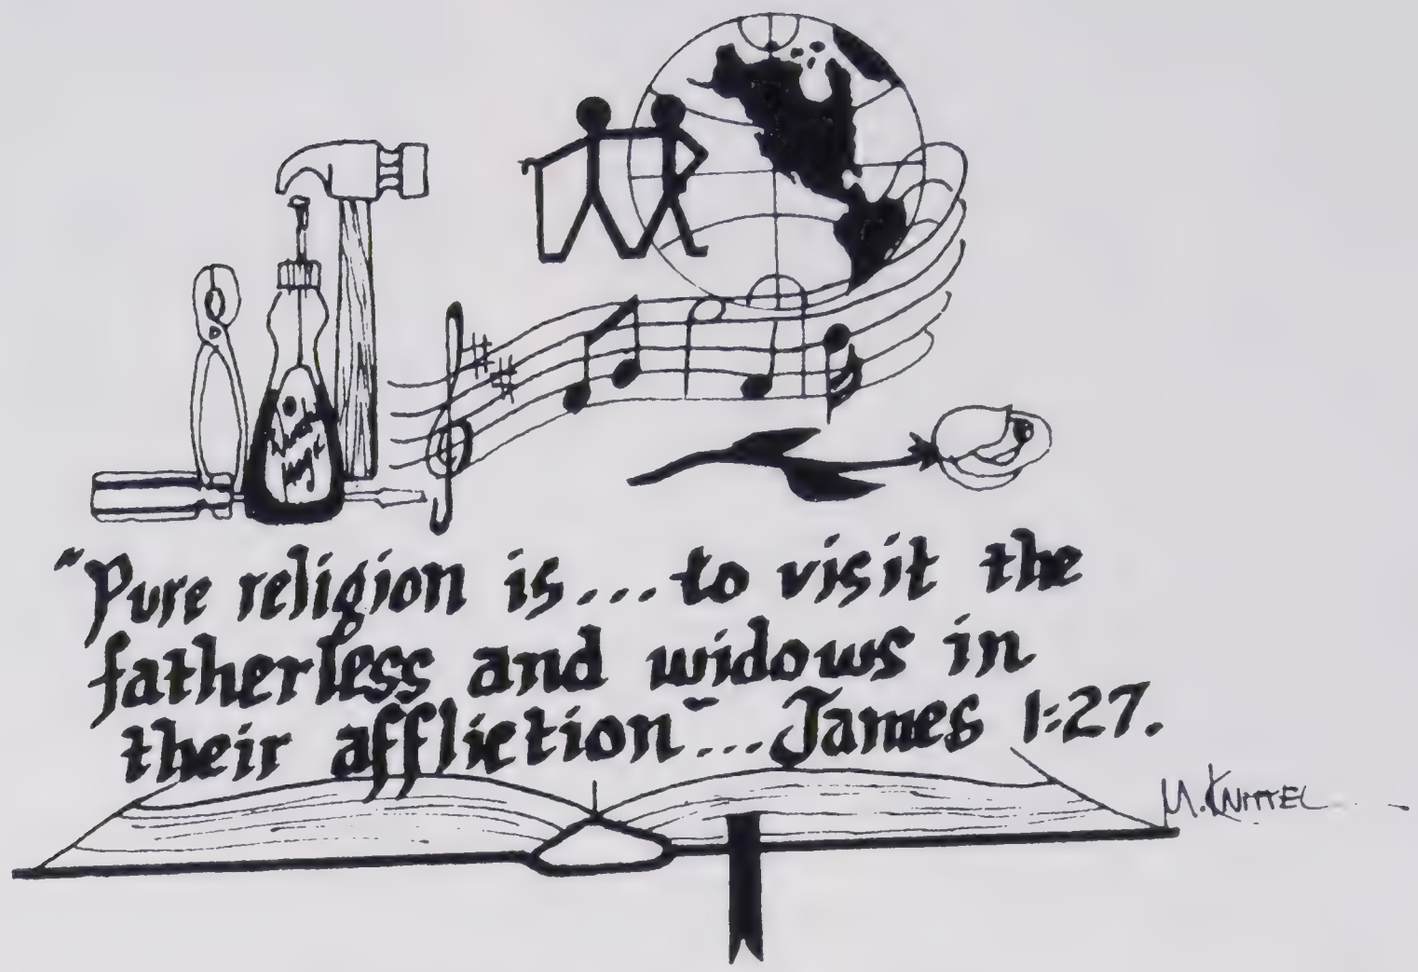

AFTERGLOW

OUTREACH

"Outreach is a helping hand with a caring heart." --KNITTEL

CAROLING

Caroling is a time to go out and share Christ with others. Every year hundreds of pamphlets are passed out in hopes that someone will come to Christ. The students enjoy getting out and singing.

The enthusiasm was greater this year than many times in the past and we came very close to reaching our goal. Despite the rain and cold, it was alot of fun.

FALL FESTIVAL

The annual Fall Festival was held on October 19, and thanks to our wonderful ASB officers and their sponsors it was a great success. The theme of the program was CIRCUS and the gym was literally overwhelmed with clowns. The ringmaster and a lion-tamer also showed up. The favorite events were the Dunk Tank, Slide and Mini Golf Course. The Seniors also profited from their Cotton Candy Booth. The program was wrapped up with a Laurel and Hardy film.

FATHER/DAUGHTER BRUNCH

The Brunch, held November 16, was the first activity that has involved the fathers with their girls. The meal was at the Double- Tree Inn at South Center, with a program following afterwards in the Ad Building Chapel.

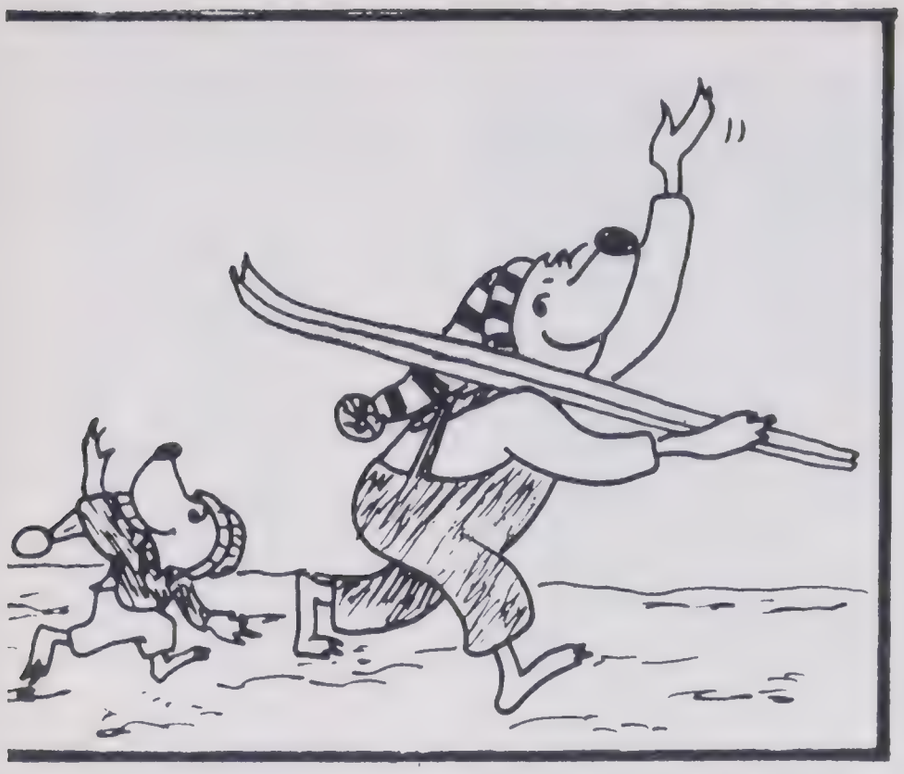

THE BIG DEAL

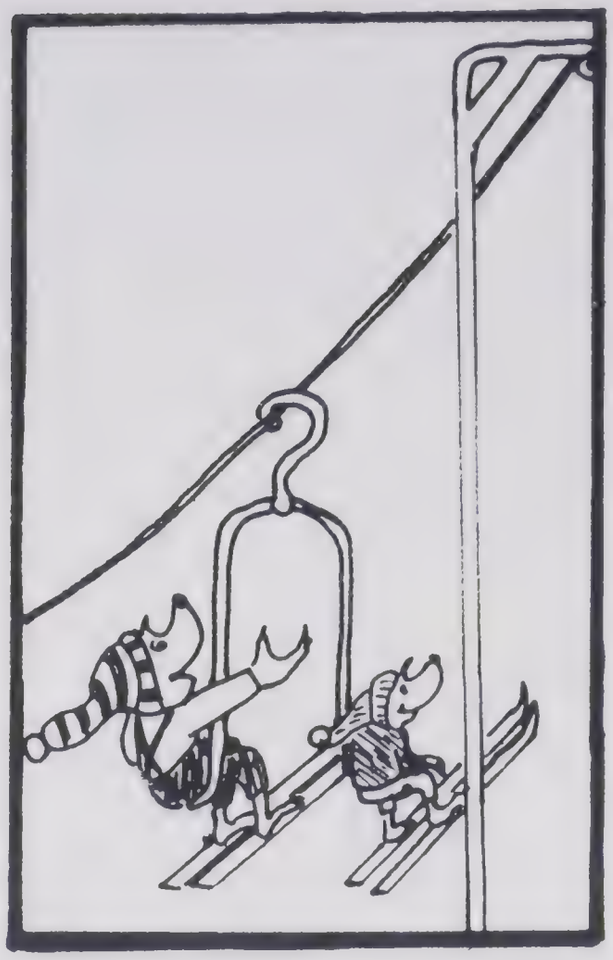

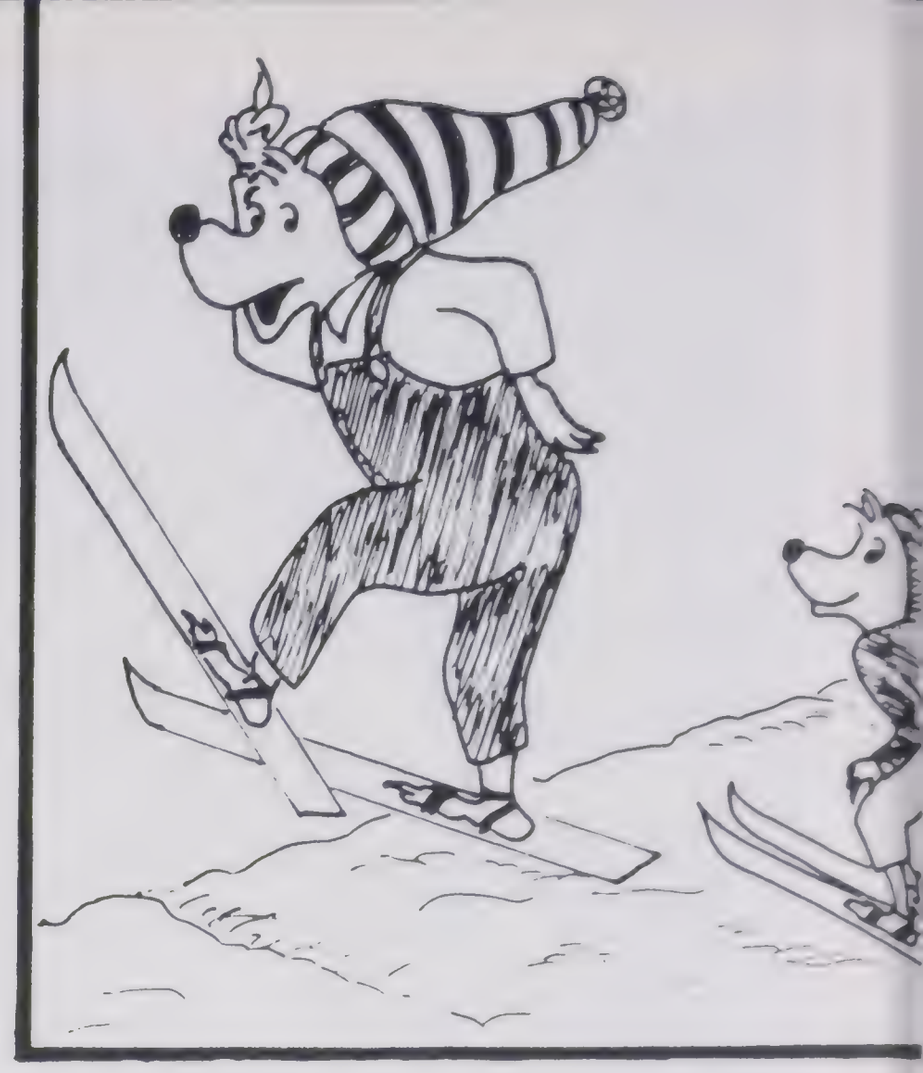

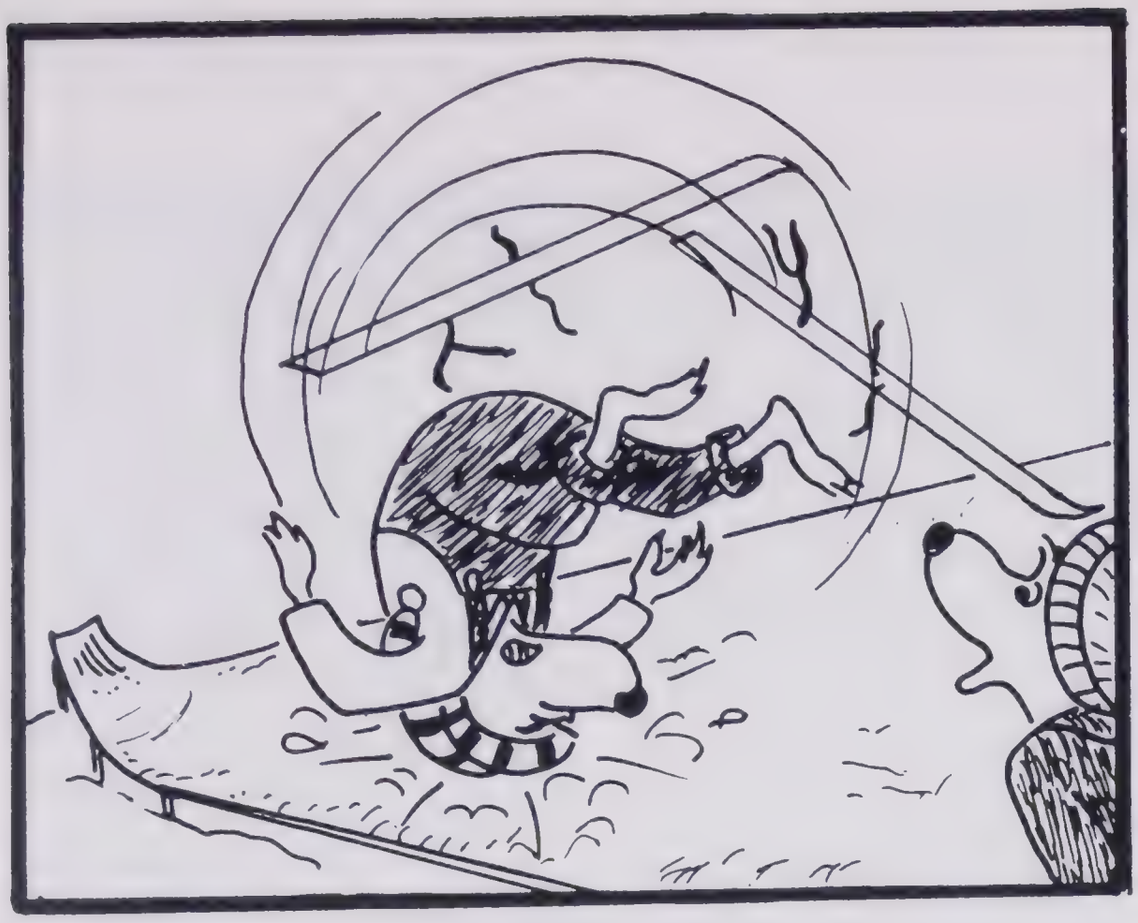

ICE SKATING

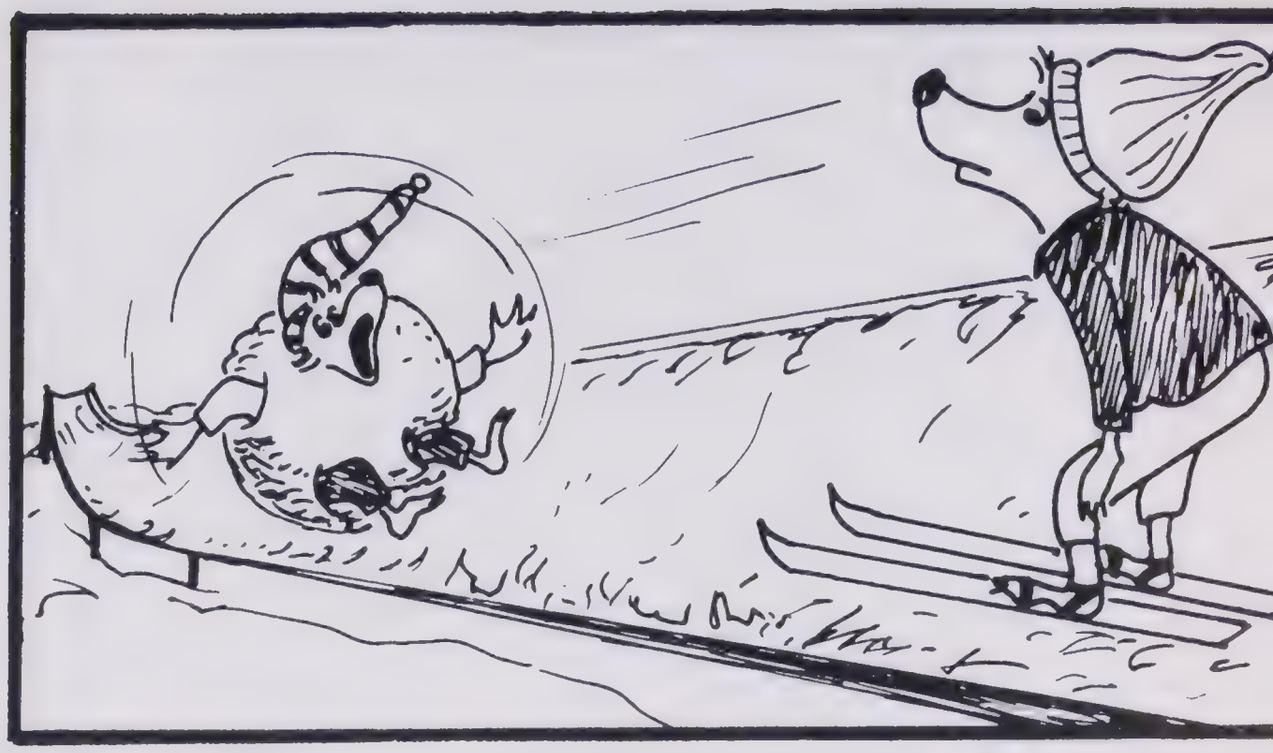

Skating is the time to get out on the ice and show everyone what you're really made of. Learning to stand on your own two feet is the goal to strive for. You may end up with a few rear-on collisions, but it's fun trying.

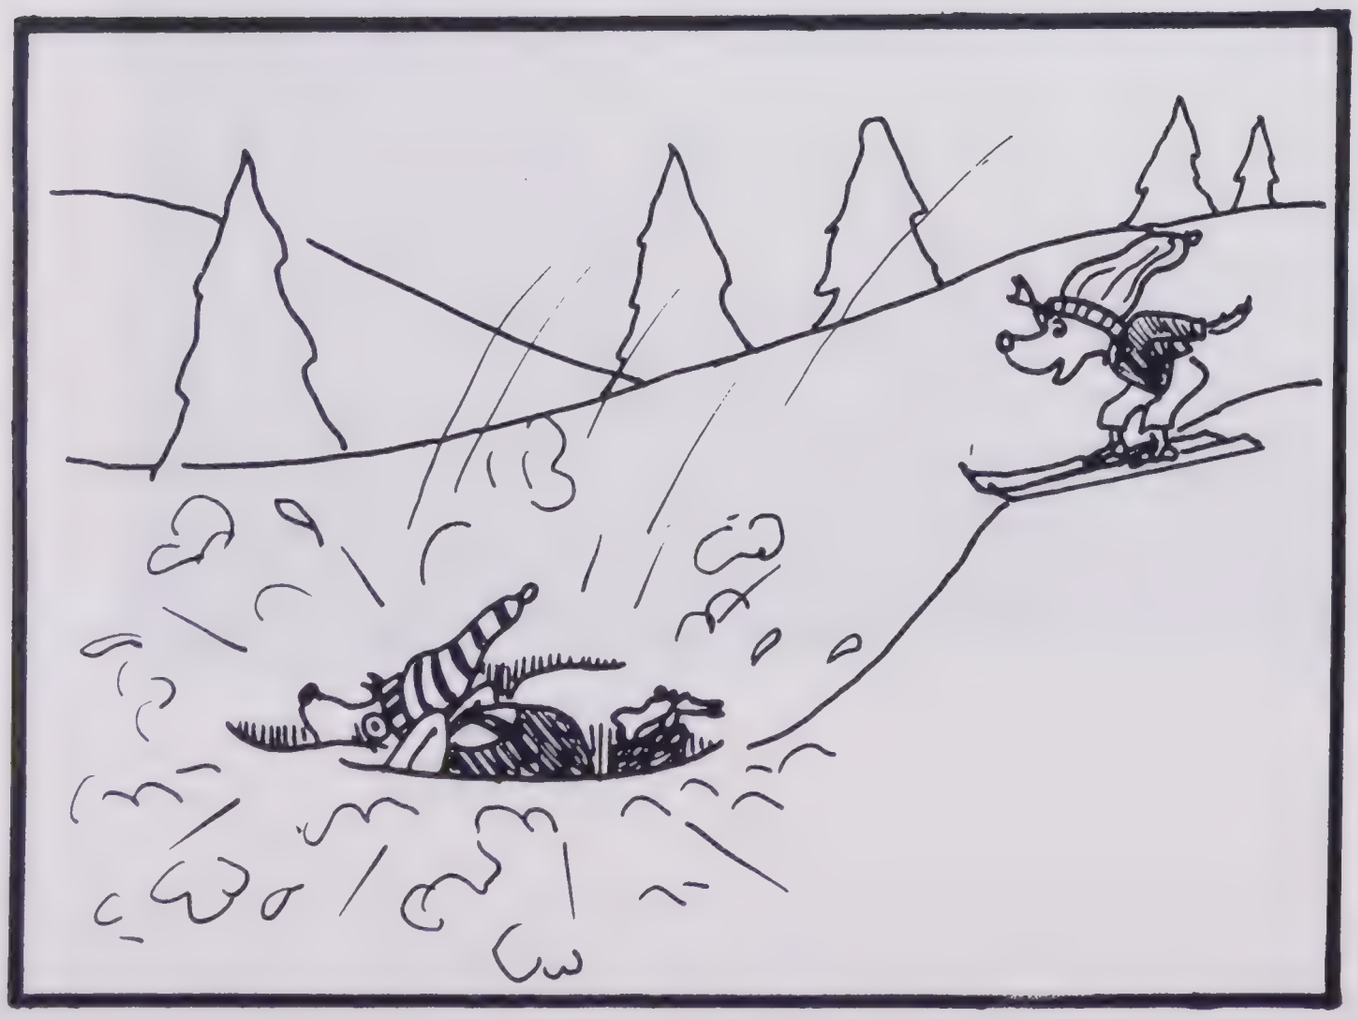

SKIING

Due to an early bloom on the mountain this year, we have been forced to endure many Sundays on campus.

The annual rain festival, held from January 1st to December 31st each year, exceeded its limitations during our ski season. We must appologize for Mother Nature's lack of control this year. She was a bit ill after visiting a cousin in L.A. for Christmas. I believe the smog affected her more than was expected. She has promised to keep the rain down where it belongs next year.

FOOTBALL

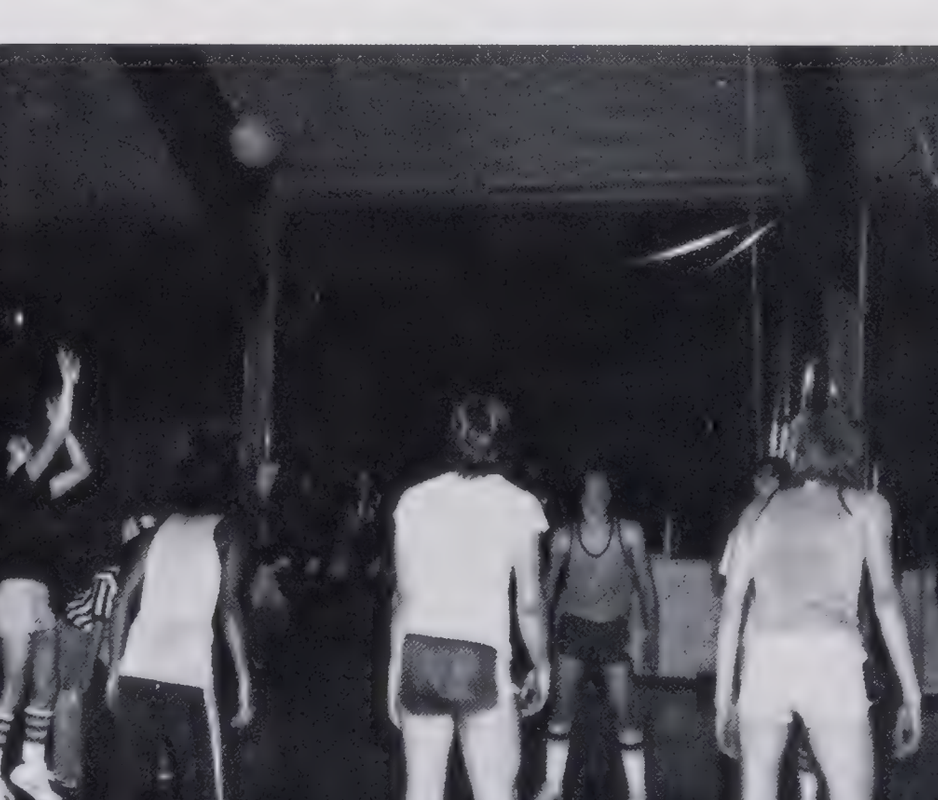

BASKETBALL

Basketball appears to be the main sport here at Auburn. It's the most fun and the most dangerous. Each team does its best to beat the other, disregarding the fact that people are breakable.

Out on the court we witness alot of skill and concentration.

It is not whether we win or lose, but how many times we get tripped, shoved around, and fouled that really matters. If a guy manages to get through the game uninjured, he is doing great. Actually, the sportsmanship in the games is to be commended. They get out there and do their best, and have a good time. The time spent out on the court, getting sweaty and tired, or sitting on the bleachers yelling for our favorite team, will never be forgotten

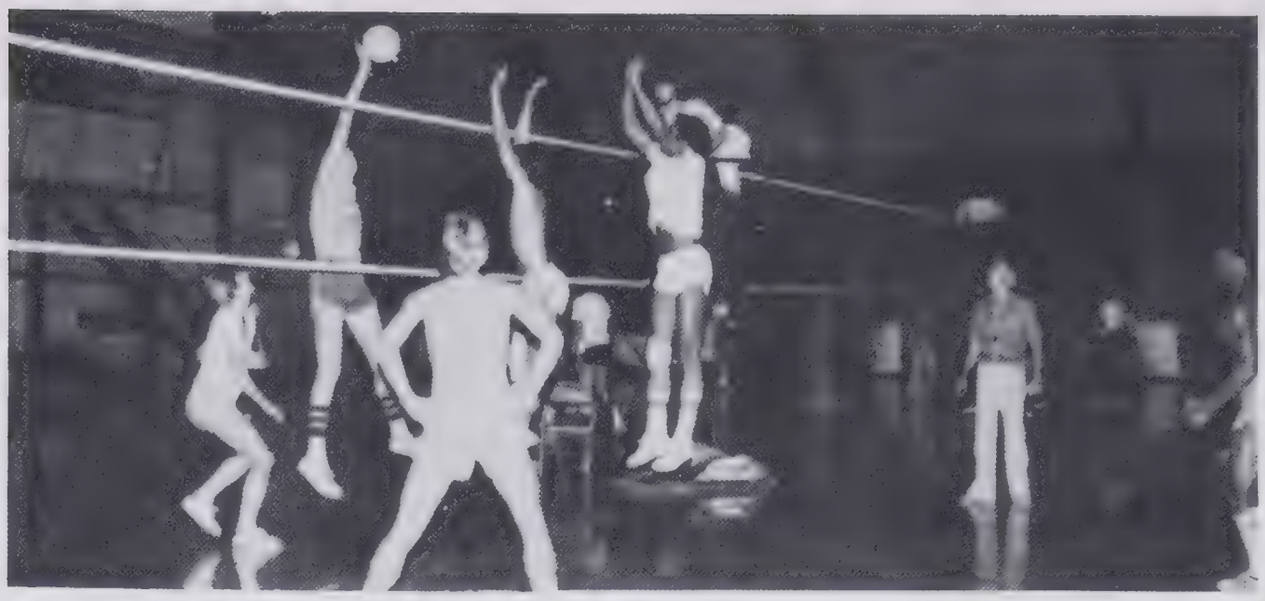

Now here we have the girls. Never before have we seen such skill and finesse! What grace! What precision!

And talk about organization . . . "You mean I have to dribble the ball while I'm running?" . . . "Where does 'forward' play?" . . . "You told me to steal the ball, how am I supposed to know I can't use Karate!" . . . "No one told me we changed baskets at half-time!" . . . "Wait! I just broke my fingernail!"

Really, they're pretty good. They do their best and have alot of fun. With each game the competition gets tougher, and the girls get better.

CAFETERIA

Although the food may not be quite as good as mom's home cooking, the cafeteria provides healthful, well-balanced meals for the academy students. Mrs. Farver, Mrs. Langseth, and Mrs. Mundy do a good job of preparing wholesome meals in a cheerful atmosphere. And if you're not hungry, why not go for the social life? Many students find that mealtime is almost the only time during the day when they can see their friends. We all appreciate the hard work of the supervisors and the employees of the cafeteria.

GROUNDS

Ever wonder who keeps Auburn Campus looking so neat? Grounds workers, under the supervision of Mr. Mundy, mow the lawns, keep the leaves from cluttering the walks, and generally keep the campus looking good. We're grateful to Mr. Mundy and the grounds workers for all the time and effort they put into doing such a good job for the academy.

HARRIS PINE

Mr. Bender, the man behind the operation of Harris Pine Mills, is a very understanding person, who works things out for the supervisors and students that are employed there. H.P.M. is a manufacturer and producer of furniture, and a major job opportunity for students.

GREENHOUSE

The Greenhouse, which raises many different types of plants, employ a number of students from the Academy. Because of the low-hanging plants, the average height of the workers is 5'5". (haha)

Two workers, Tony Morris, who has been there three years, and Barb Butterfield, who has been there for two, have become a tradition around this place of green.

PHYSICAL EDUCATION

Mr. Priest, Mrs. Myers, and Mr. Withrow keep everyone in great shape with swimming, volleyball, basketball, jogging, and push-ups.

GYMNASTICS

A special team that practices, tumbles, laughs funny (hear DeEtta) and keeps the audience spellbound with their tricks.

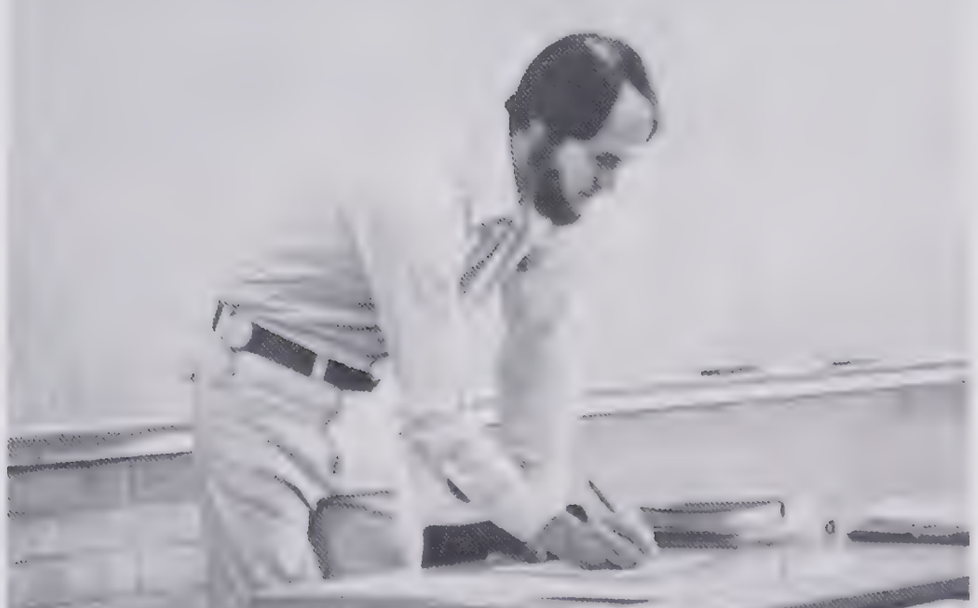

Gymnastics Team: Ron Tyler, Mr. Priest, Ken Cartwright, Emad Aboujaoude, Heidi Whitson, Darrell Erwin, Andre Naude, Sim Mooers, Darrin Hayes, Stan Nelson, Butch McClinton, Bob Bolton, Barbara Sager, Voni Burden, Julia Anderson, Molly Norton, Penny Moore, Jenny Myers, Cindy Howard, Mrs. Myers, Sheila Rollins, Mack Timple, DeEtta Mooers, Larry Christie.

BIBLE

The Bible classes are taught by Ken Perman, David Allen, Orlin McLean, and Dick Jewitt. These men do a terrific job of making the Bible principles meaningful in our lives. They make Christ very real and easy to understand. They teach us of the assurance that Christ is our most trusted and loved friend. With their guidance, the students at AAA can have a close relationship with God.

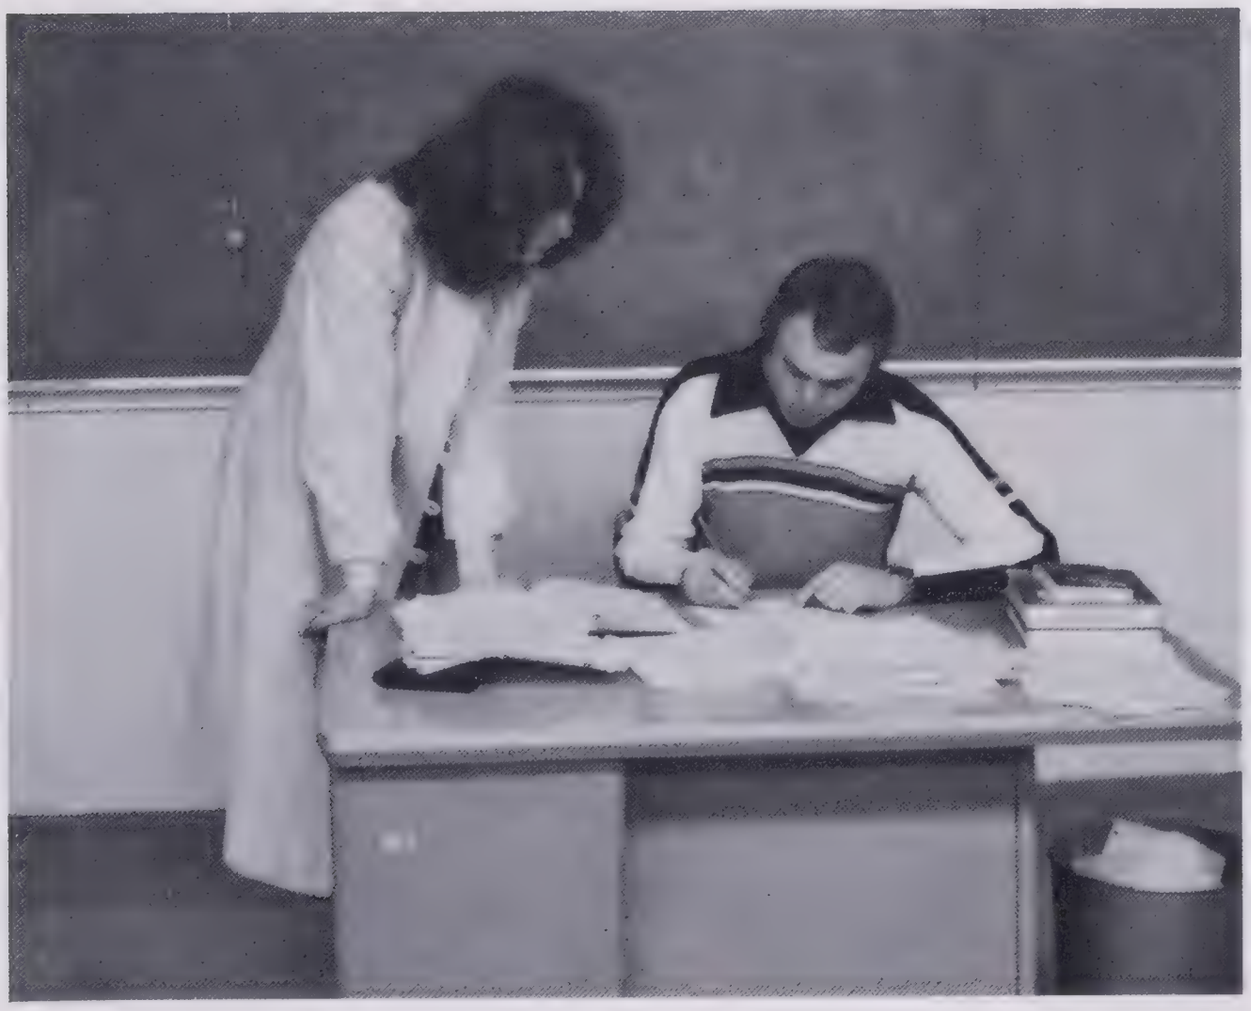

MATH

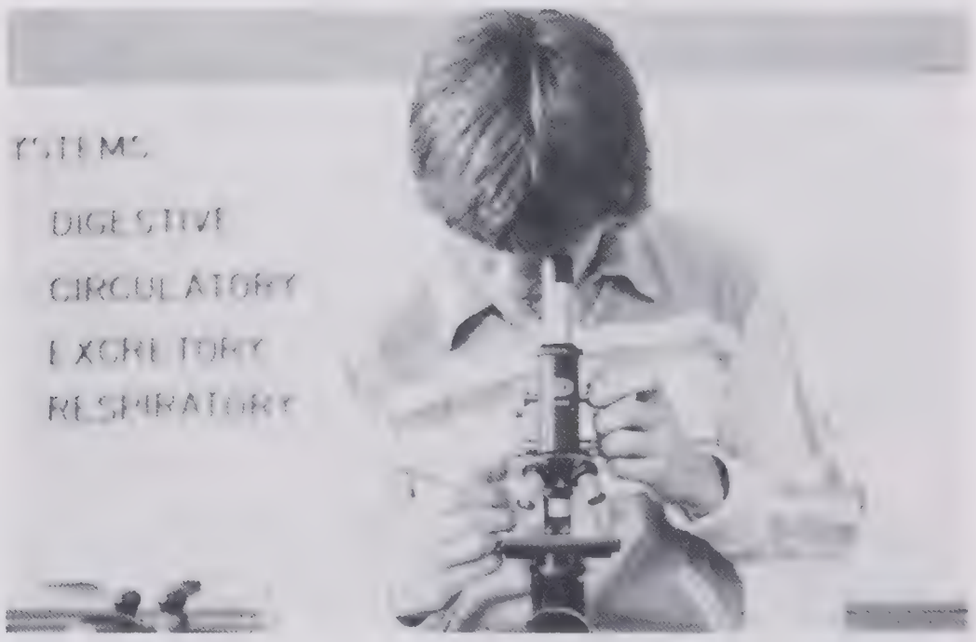

Mr. Rittenbach and Mr. Priest do their best to teach the fundamentals of Algebra and Geometry. Some catch on quickly but for others, it's a lost cause. Will the day ever come when we can get through life without being able to figure 3x2-4y-10 = 0?

SCIENCE

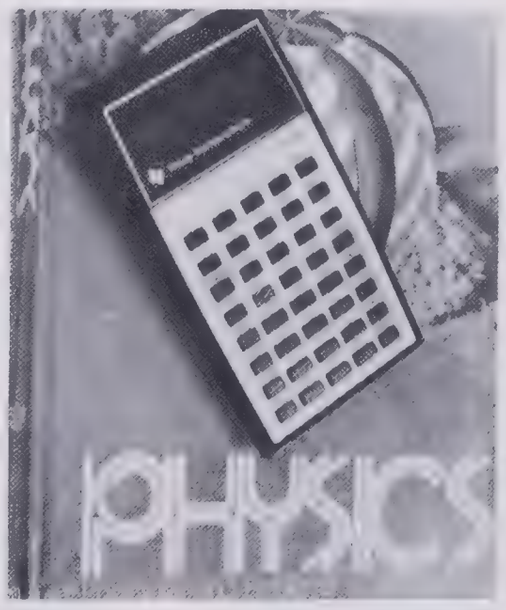

To err is human. To really foul things up requires a computer!

ENGLISH

Wanna learn how to spel? Need help understanding an essay structure? Do you like to read: How's your punctuation.' Join an English Class and learn the hard way. Mr. Krenz, Mrs. Bietzel, and Mrs. Rittenbach suffer nervous breakdowns regularly trying to teach the enthusiastic students to pass a spelling quiz. Are these the future literary artists of America?

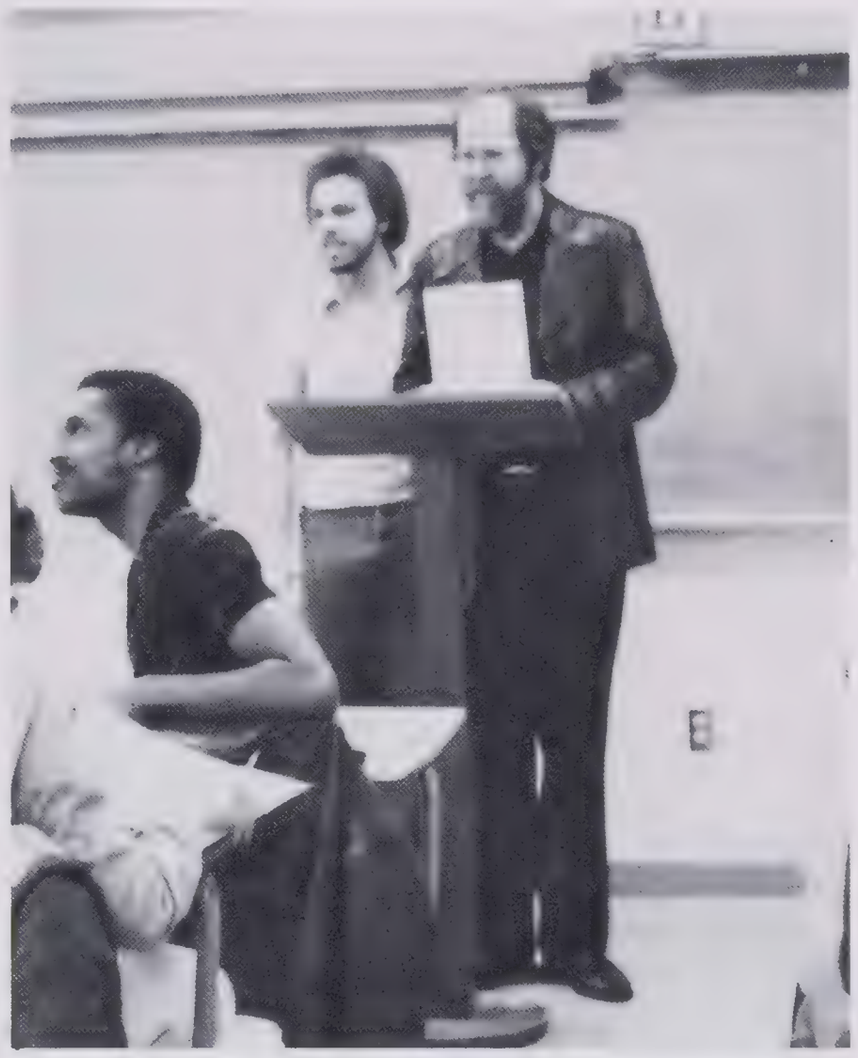

HISTORY

Mr. Miller's videos and stimulating lectures are just a part of the step into America's past. In Washington State, Perman adds historical interest to such places as Seattle and Mt. Tahoma. We learn from our past not to make the same mistakes that our forefathers did. But it doesn't appear that we learn very fast.

FINE ARTS

ARTS & CRAFTS

INDUSTRIAL ARTS

Industrial Arts Classes teach one how to weld, draft, fix cars, and most importantly, how to build a dog house! With the help of Mr. Freitas, Mr. Farver, and Mr. Spady, all can become proficient with these skills.

HOME EC

Home Ec., taught by Miss Ehman, is a great way to learn how to cook (or not to cook). These students can produce anything from canned fruit, to chocolate pie, to pizza.

And some day, if you want to become a famous fashion designer- this is the place to start. Miss Ehman can teach even the guys to sew!! What an undertaking.

NURSES' ASSISTANTS

Here we have the future R.N.'s and neurosurgeons of tomorrow. With lots of hard work and study, these girls will be on the ladder of success in no time. Do we dare to get sick??

Dear,

This has been a good year, but I'm sure glad it's over. Don't forget all the "fun" times we had in class.
Have a super summer and I hope to see ya next year.

P.S. Write!
